Paint & Fabric Protection

20-20 Paint Protection

Our products are designed to prevent your vehicles bodywork from being damaged by UV rays which can cause paint fade.

The unique production and design repels acidic rain, atmospheric pollution and damaging road salt.

UNCOATED

Dirt and pollutants can sit in paint pores

COATED

Dirt and pollutants cannot attack paint

Paint Protection bonds with the pores in your paintwork, alloys, bumpers and glass leaving a smooth, high gloss finish. Protect your vehicle from tree sap, traffic pollutants, strong car wash chemicals and everyday weathering including UV light and frost.*

- UV protection
- Acidic/alkaline rain repellent
- Mud and dirt protector
- Bird dropping protection

20-20 Fabric Protection

Fabric Protection covers each fibre with a film, protecting interior fabrics from spillages and everyday stains.

This film resists soaking from hot and cold drinks, food particles, mud and dirt, allowing treated surfaces to be wiped clean.

UNCOATED

Untreated Fabric/Carpet

COATED

Treated Fabric/Carpet

- *Protects against dirt ingress*
- *Drink spills*
- *Pet stains*

Paint Protection comes with a lifetime guarantee for the period of your ownership of your car.

20-20 Warranty

Frequently asked questions

Q: Will I have to reapply Paint Protection?

A: No, you will not need to reapply Paint Protection. The product is professionally applied by your selling dealer and guaranteed for as long as you own your car.

Q: How often should I clean or polish my vehicle?

A: A regular wash with mild soap (not dish-washing detergent) and water will be all your vehicle requires.

Q: How quickly should I remove bird droppings?

A: Paint Protection is guaranteed to resist the effects of bird lime, but it's still best to remove it before it bakes on.
