PROTECT AND ENHANCE THE VALUE OF YOUR CAR

Buying a vehicle is a major purchase and obviously you will want to ensure that your new vehicle stays looking as good as possible, for as long as possible. Unfortunately, we can't control our vehicle's exposure to the environment. Spills can stain seats and bodywork can lose its lustre

ZIRCONITE™
UK
INTERIOR & EXTERIOR PROTECTION SYSTEM

The complete protection system designed and manufactured in the UK to exacting standards and exceptional quality control

Paintwork Protection is a valuable addition to your vehicle due to modern paints being water-based which do not stand up to the wear and tear of modern life.

If you want your car to be easier to clean, maintain its appearance and get the best residual value, get Zirconite Protection

PROTECT AGAINST
SPILLAGES

Spills and stains are an all too easy occurrence in a modern car.

The problem is that cleaning them properly, can prove difficult and therefore expensive.

The solution is to have Zirconite applied which provides an invisible barrier on the interior fabric and carpets of your vehicle and this increases resistance to absorption of liquid spills.
